

GLOBAL CULTURE JAM **RISE**

Meet students and educators across the world, exploring how cultures can facilitate, enhance and expand our understanding about ourselves, others, the world and create a sense of belonging.

14th — 18th June 2021

Programme Information

Manchester Metropolitan University invites you to a 1-week programme of virtual activities that will get you thinking about cultural perspectives on the themes of:

→ **Community:** investigate community through practices of dress and by creating and curating social media relational selves.

→ **Creativity:** explore the concept of the everyday object as a way to share our cultures.

→ **Learning:** interrogate how you see the future of learning in a global context.

→ **Sustainability:** question the notion of sustainability in cross-cultural settings and different academic contexts.
